

## EVERYDAY OBJECTS

---

*We are here to make the things you  
love, the art you display.*

Ardent Photography is an on-site photographic studio dedicated to making every portrait a personal expression and every piece of art, a signature piece. Please visit my web-site to view the galleries and learn more about Ardent Photography. I look forward to helping you with your photographic needs.

Thank you,

*Sarah E. McTernan*

## WE ARE HERE FOR ALL YOUR PHOTOGRAPHIC NEEDS

---

*Family pictures are available in a location of your choosing.*

Ardent Photography was founded in 2005 with just a camera and an idea that people show their true personalities in familiar environments more so than in foreign studios. Ardent is an on-site studio, that means I come to you. There is no packing up the kids into the family car and hoping they manage to arrive at the studio in one piece, or trying to fit family portrait sessions into a studio's schedule that amazingly is the same as the hours that you work. I come to you, ready to capture the true essence of your family. My goal is to make the portrait process easy and enjoyable. I set up internet viewing of your proofs so that you can peruse them on your own time, at your own pace and then order the prints that you need, not just the prints the studio thinks every family should have.

### INDIVIDUAL PORTRAITS

I also offer individual portrait services, mainly targeted at children and high school seniors or those needing personal portraits for business or the arts. I believe that your individual portrait will stand out with a background that reflects your personal self and ideas.

### OTHER SERVICES

Beyond portraiture, Ardent offers a wide range of photographic services, from digital manipulation to framed artwork.

**Group Calendars**—The perfect expression to promote your business team or organization, personalized portrait calendars that reflect your club or business ideals.

**Commissioned Art**—A beautiful way to celebrate the object in your life. Capture it forever with the artistic nature that Ardent Photography provides.

**Project Photography**—Digital images for websites and promotional marketing

**Digital Image Editing**—A little help for those photographs with something extra in them. We take your image and make it better.

**Stock Art**—Unframed pieces created for general art purposes such as web usage and poster mounting.

**Individual Framed Artwork**—Signed and framed, limited editions, and series photographs.

Please visit my website for more information, or e-mail me at [sarah@ardentphotography.com](mailto:sarah@ardentphotography.com).
