

Show off your rifle with an Artistic Portrait

Your firearm is a big part of your life. Whether it is your tool as a trained professional to protect and serve, your helping hand in bringing home game for dinner, or your teammate in competition, it is an extension of your personality. You have conversations about it and the lifestyle that you live with it. Now it is time to show it off. Call Sarah McTernan today to schedule an appointment for a fine art portrait of your handgun or rifle.
